

When Is Screening Recommended for High-Risk Cases?

Meridian Diagnostics — Clinical Education Series

Established Clinical Resources

- Multiple established reference frameworks
 - Contoso Health Network Clinical Practice Standards (CHN Clinical Standards™)
 - Regional Oncology Alliance (ROA)

CHN Clinical Standards — General Testing Criteria

- Regardless of cancer type in personal/family history:
 - Individuals with a known pathogenic variant related to a hereditary cancer syndrome
 - Individuals with previous limited genetic testing
- To aid in systemic therapy and surgical decision-making
